Notwithstanding the foregoing, NYSERDA’s obligation to purchase Tier-1 RECs under this Agreement will not be reduced or eliminated if the above-referenced definition of “Renewable Energy System” or the “Additional Eligibility Requirements” are changed after the Effective Date in a manner that renders the Bid Facility unable to comply. NYSERDA and/or its designee shall have reasonable physical access to the Bid Facility for the purpose of verifying the continuing eligibility of the Bid Facility and its operation. In such circumstances, NYSERDA shall comply with Seller’s security and safety policies and procedures for the Bid Facility.

Section 2.07. Commercial Operation Milestone Date. NYSERDA’s obligations to purchase Tier-1 RECs and to make payment under this Agreement are conditioned on the commencement by the Bid Facility of Commercial Operation with an Installed Capacity of not less than 80% of the Bid Capacity on or before the Commercial Operation Milestone Date. The Commercial Operation Milestone Date shall be as stated in Schedule 2 of this Agreement. Seller may elect to extend the Commercial Operation Milestone Date pursuant to Article XV.

Section 2.08. NYSERDA shall be free to sell, assign, transfer or otherwise subject to any encumbrance, any of the Tier-1 RECs NYSERDA acquires under this Agreement, at any time and from time to time, to any entity and on such terms and conditions as NYSERDA may desire. Any financial or other consideration received by NYSERDA from any such action shall inure solely to NYSERDA’s benefit, to be applied as determined by NYSERDA as the central procurement administrator of the RES Program, or the benefit of NYSERDA’s successor, and shall not affect Seller’s rights or obligations under the terms of this Agreement.

Section 2.09. Verification/Metering. The Actual Production of the Bid Facility must be capable of accurate and verifiable measurement at the Injection Point by the local ISO, transmission utility, public authority, or municipal electric company, through a dedicated generation meter as described in Section 2.10 of this Agreement. Unless specifically agreed to by NYSERDA in writing, the Bid Facility must be separately metered and must be functionally represented by a single and discrete Injection Point.

Section 2.10. Dedicated Generation Meter. Seller must provide, install, and maintain a dedicated generation meter at the Injection Point that shall comply with the requirements and standards stated in the NYGATS Operating Rules at Section 5.3. Revenue Metering Standards. Data collected from the meter will be available to NYSERDA and will be used by NYSERDA to verify the Actual Production.

Section 2.11. [Reserved].

Section 2.12. Modification of Bid Facility. Seller shall not, without NYSERDA's prior written consent, modify or alter the Bid Facility in any material respect. NYSERDA shall approve or reject any request to modify or alter the Bid Facility within thirty (30) days after its receipt of any such written request, provided that, if NYSERDA does not approve or reject any such request in writing within such thirty (30) day period, such request shall be deemed to have been rejected.

Article III

Bid Facility Electricity Delivery Requirements.

Section 3.01. Bid Facilities in the NYCA. The electricity associated with the Tier-1 RECs for Bid Facilities located within the NYCA must be either:

- (a) delivered into a market administered by the NYISO for end-use in New York State; or
- (b) delivered through a wholesale meter under the control of a utility, public authority, or municipal electric company such that it can be measured, and such that consumption within New York State can be tracked and verified by such entity or by the NYISO; or
- (c) delivered through a dedicated generation meter in accordance with Section 2.10 and tracked and verified in accordance with the NYGATS Operating Rules.

Section 3.02. External Bid Facilities. [The electricity associated with the Tier-1 RECs for Bid Facilities in control areas adjacent to the NYCA shall be scheduled, transmitted, delivered to and settled in the NYISO energy market in each hour, and be accompanied with documentation of a unit-specific contract path between the Injection Point in the control area of origin to the Delivery Point in the NYCA that includes the provision of transmission or transmission rights for delivering the generation via the NYISO using the North American Electric Reliability Corporation (NERC) tag fields Sending and Receiving Control Areas (CA) and Purchasing/Selling Entity (PSE) Name and Number. Compliance with this Delivery

Requirement shall be verified by NYGATS, which requires an attestation from the importer that the information contained in the NYISO schedule is accurate and that the electricity associated with the import is being delivered solely from the selected resource. Seller shall provide, at NYSERDA's request, the NERC tag information from the OATI (Open Access Technology International) System or the NY JESS Contract ID from the Joint Energy Scheduling System (JESS) listing the External Bid Facility name as the Source for the scheduled and transmitted electricity from the External Bid Facility into the NYISO. The Tier-1 RECs must follow the NYGATS Operating Rules for Unit-Specific Imports of Energy and Attributes under the Energy Scheduled and Delivered methodology. The number of Unit-Specific Import Certificates that will be created will be the lesser of the hourly energy schedule of the import, or the hourly meter reading of the Bid Facility.]

Section 3.03. Bilateral Sales. Nothing in this Agreement shall be read to prohibit bilateral sales by Seller for electric energy, capacity, or ancillary services produced by the Bid Facility. Tier-1 eligible electric energy from the Bid Facility sold on a bilateral basis will produce Tier-1 RECs and NYSERDA will purchase such Tier-1 RECs in accordance with of the terms of this Agreement, provided that the energy is delivered and sold into the NYCA in accordance with this Article.

Article IV

Pricing and Payment

Section 4.01. Determination of Monthly REC Price for Index REC.

(a) For a Bid Facility selected on the basis of an Index REC Price bid, the Monthly REC Price shall equal the Index REC Strike Price minus the Reference Energy Price minus the Reference Capacity Price (multiplied by the Mitigation Factor, if applicable), subject to the condition that the Monthly REC Price may not exceed the Index REC Strike Price. In the event that the calculation of the Monthly REC Price results in an amount that exceeds the Index REC Strike Price for a given month, then the Monthly REC Price shall equal the Index REC Strike Price for that month.

(i) [Reserved].

(ii) The Reference Energy Price for each month shall be calculated by NYSERDA using data published by NYISO for its day-ahead energy market. NYSERDA shall:

(A) identify the location-based marginal price ("LBMP") for each hour of the month in the Applicable Zone; and

(B) calculate the around-the-clock simple (not load-weighted) average of each such hourly LBMP during the entire month to determine the Reference Energy Price.

(iii) The Reference Capacity Price for each month shall be calculated by NYSERDA using data published by NYISO for its spot market unforced capacity (“UCAP”) prices. NYSERDA shall:

(A) identify the UCAP price (in dollars per kW-month) as published by NYISO for such month in the Applicable Zone (“Reference UCAP Price”);

(B) calculate the product of:⁵

(1) the Reference UCAP Price (\$/kW-month);

(2) [Reserved];

(3) the Installed Capacity (MW);

(4) a conversion factor of 1,000 kW/MW; and

(5) the Bid Facility’s Capacity Accreditation Factor, as determined by the NYISO.

(C) divide the total amount of dollars calculated in (B) by the total amount of Tier-1 RECs⁶ produced by the Bid Facility for the subject month (including any Tier-1 RECs produced in excess of the Annual REC Cap or otherwise not committed for sale to NYSERDA under this Agreement) multiplied by the Bid Quantity Percentage to determine the Reference Capacity Price.

(D) In any month in which NYISO subjects the Applicable Zone to buyer-side mitigation in a manner that has the effect of excluding one or more generators eligible under Tier-1 of the CES from participating at their full capacity in the NYISO Capacity Market for the Applicable Zone, the Reference Capacity Price shall be multiplied by a Mitigation Factor. The Mitigation Factor shall be calculated as the percentage of UCAP offered in the Applicable Zone and Applicable Class Year by Qualified Renewable Exemption Applicants, as defined

⁵ Because the Relative UCAP Production Factor (rUPF) value will be set to 1 for the duration of the contract tenor, no reference to the rUPF is needed.

⁶ For Upgrades and Repowerings, the total amount of Tier-1 RECs produced by the Bid Facility, as used in this instance, is adjusted to reflect the Actual Eligible Production.

in the NYISO Services Tariff Att. H, that has been determined to be exempt from the Offer Floor requirement imposed by the NYISO Services Tariff Att. H, Section 23.4.5.

(b) The following formulae depict the calculation of the Monthly REC Price in accordance with Section 4.01(a).

$$\text{Monthly REC Price} = SP^{Index} - \text{REP} - \text{RCP} \times \text{MF}$$

where:

SP^{Index} = Index REC Strike Price (\$/MWh)

REP = Reference Energy Price (\$/MWh)

RCP = Reference Capacity Price (\$/MWh)

MF = Mitigation Factor (%) (if applicable)

$$\text{RCP} = \frac{\text{RUP} \times \text{IC} \times 1,000 \times \text{CAF}}{\text{Total RECs} \times \text{BQP}}$$

where:

RUP = Reference UCAP Price (\$/kW-month) described in Section 4.01(a).

IC = Installed Capacity (MW)

Total RECs = Total amount of Tier-1 RECs produced by the Bid Facility in the subject month.⁷

BQP = Bid Quantity Percentage

1,000 = kW to MW conversion factor

CAF = Capacity Accreditation Factor for the Selected Project's CARC]

Section 4.02. [Determination of Monthly REC Price for Fixed REC.

(a) For a Bid Facility selected on the basis of a Fixed REC Price bid, the Monthly REC Price shall equal the Fixed REC Price as stated in Schedule 1 of this

⁷ For Upgrades and Repowerings, the total amount of Tier-1 RECs produced by the Bid Facility, as used in this instance, is adjusted to reflect the Actual Eligible Production.

Agreement for each month in the respective Contract Year, and as may be modified pursuant to Section 4.02(b) or Article V of this Agreement.

(b) As directed in the Index REC Order, in the event that a New Carbon Price Mechanism applies to electric generation consumed in New York State, NYSEDA shall reduce the Monthly REC Price prospectively for any Seller selected on the basis of a Fixed REC Bid Proposal (“Fixed REC Carbon Price Adjustment”).

(i) For purposes of this Agreement a “New Carbon Price Mechanism” is a New York State, NYISO, or federal statute, regulation, rule, order, or policy enacted or promulgated after the submission of the Bid Proposal that applies to electric generation consumed in New York State and that imposes a discernible economic cost on electric generators that is based upon and is quantified in direct proportion to their emissions of carbon dioxide and/or other GHGs. The term “New Carbon Price Mechanism” may include, but is not limited to (A) the imposition of any fee, adder, or tax applied to emissions of GHGs, and (B) a policy that caps emissions of GHGs and facilitates the exchange of emissions allowances, the price of which may be discerned from publicly-available data (“Cap and Trade Program”). For the avoidance of doubt, RGGI predates the Bid Proposal and, therefore, neither New York’s continued participation in RGGI, nor any programmatic changes to RGGI that occur after the submission of the Bid Proposal shall be considered a New Carbon Price Mechanism.

The Fixed REC Carbon Price Adjustment shall be applied on the first day of the first month after the date on which the New Carbon Price Mechanism takes effect and shall last until the cessation of the New Carbon Price Mechanism or the end of the Contract Delivery Term, whichever comes first.

The Fixed REC Carbon Price Adjustment shall be calculated by NYSEDA no less than annually, based on a 12-month period that NYSEDA may select in its reasonable discretion; provided, however that if NYISO publishes data that readily facilitate monthly calculation, NYSEDA shall calculate the Fixed REC Carbon Price each month and apply it to the Monthly REC Price.

The value of the Fixed REC Carbon Price Adjustment shall be determined as follows:

- (A) If NYISO calculates the carbon impact on LBMP (“LBMP_c”), the Fixed REC Carbon Price Adjustment for each month shall be the generation-weighted LBMP_c in the Applicable Zone or, if the Carbon Price applies to external resources, at the Proxy Generator Bus as defined in Section 2.16 of the NYISO Market Administration and Control Area Service Tariff; or
- (B) If NYISO does not calculate the carbon impact on LBMP, the Parties shall

amend this Agreement in a manner that provides for calculating the Fixed REC Carbon Price Adjustment using available data and in a manner that reasonably fulfills the directive in the Index REC Order that the incremental revenue associated with a New Carbon Price Mechanism be deducted from the Fixed REC price. The value of RGGI allowances shall not be included in the calculation of the Fixed REC Carbon Price Adjustment and shall not be deducted from the Fixed REC price.

(C) NYSERDA shall deduct the Fixed REC Carbon Price Adjustment from the Fixed REC Price in order to determine the Monthly REC Price. However, for any month in which the Fixed REC Carbon Price Adjustment exceeds the Fixed REC Price, the Monthly REC Price shall be zero.]

Section 4.03. Invoices.

(a) Within fifteen (15) days after NYSERDA has received the information for the Bid Facility necessary to compute a Monthly REC Price, NYSERDA shall inform Seller of the Monthly REC Price for that month.

(b) Seller shall submit monthly invoices throughout the Contract Delivery Term of this Agreement for the Tier-1 RECs Transferred by Seller into the NYSERDA NYGATS Account and associated with the Actual Eligible Production delivered to the Delivery Point in each month during the Contract Delivery Term. Payments will commence after the Bid Facility achieves Operational Certification, retroactive to the commencement of the Contract Delivery Term. Invoices shall not be submitted before NYSERDA provides Seller with the Monthly REC Price for a given month in accordance with Section 4.03(a) of this Agreement; invoices submitted before NYSERDA provides Seller with the Monthly REC Price for a given month shall not be considered proper invoices for purposes of NYSERDA's Prompt Payment Policy. Invoices shall be submitted electronically to NYSERDA's online invoice system at: <https://services.nyserdera.ny.gov/Invoices/> or, if this Bid Facility is managed through NYSERDA's Salesforce application, via NYSERDA's Salesforce Portal with Seller's log-in credentials. Invoices shall include a statement of the amount due and payable by NYSERDA to Seller, which amount shall be calculated in accordance with Section 4.04. Invoices must reflect the quantity of Tier-1 RECs Transferred to the NYSERDA NYGATS Account for the month that is the subject of the invoice. With the exception of an invoice submitted in accordance with Article V of this Agreement, NYSERDA shall have no obligation to pay any invoice submitted more than sixty (60) calendar days after NYSERDA provides Seller with the Monthly REC Price for a given month for which payment is requested. NYSERDA may request additional information and data, as specified in Section 6.01, sufficient for NYSERDA to verify compliance with the Bid

Facility Electricity Delivery Requirements (Article III) and other requirements as may be outlined in this Agreement.

Section 4.04. Payment.

(a) The amount payable for each month shall be calculated as: (i) the number of Tier-1 RECs associated with the Quantity Obligation for such month generated by the Bid Facility and delivered to the Delivery Point that are Transferred into the NYSERDA NYGATS Account in accordance with Section 2.01 multiplied by (ii) the Monthly REC Price for the vintage month of the Tier-1 RECs Transferred. NYSERDA will not pay for Tier-1 RECs beyond the Annual REC Cap for any Contract Year.

(b) Payments will commence after the Bid Facility achieves Operational Certification, retroactive to the commencement of the Contract Delivery Term. NYSERDA agrees to grant or deny Operational Certification within thirty (30) days after Seller has submitted a fully complete Operational Certification application and the Bid Facility is registered in NYGATS.

(c) If, for any month, the amount payable to Seller is a negative amount because the Monthly REC Price for that month was negative, NYSERDA shall make no payment to Seller for that month and instead shall record a debit in such amount (“Monthly Debit”). Any Monthly Debit shall be deducted from each subsequent month’s payment by NYSERDA until the Monthly Debit is fully recovered. Any Monthly Debit that goes unrecovered for twelve months shall be settled by Seller in cash within thirty (30) days after the conclusion of such twelve-month period, except that all Monthly Debts outstanding at the conclusion of the Contract Delivery Term shall be settled by Seller in cash within thirty (30) days after the conclusion of the Contract Delivery Term.

Section 4.05. Prompt Payment Policy. NYSERDA will make payments to Seller in accordance with and subject to its Prompt Payment Policy Statement, attached hereto as Exhibit C. Such payments shall be made by check or wire transfer to an account designated by Seller. NYSERDA shall have no obligation to pay any invoice not accompanied by all information requested by NYSERDA in accordance with Section 6.01.

Section 4.06. [Reserved].

Section 4.07. Changes in Law.

(a) In the event that a change in Applicable Law after the Effective Date changes, or on the date such change takes effect (“Change in Law Date”) will change, the price structure or methodology, settlement, zonal structure, or terminology used in either the NYISO Energy Market or NYISO Capacity Market such that the

calculation of Reference Energy Price or Reference Capacity Price becomes impossible or no longer reasonably reflects the objective of providing a market-based index of energy and/or capacity prices in the Applicable Zone, in each case as they existed on the Effective Date, the Parties shall negotiate in good faith to amend this Agreement, prospective from the Change in Law Date, to make such conforming changes as are necessary to achieve that objective.

(b) In the event that a change in Applicable Law after the Effective Date eliminates the NYISO Capacity Market entirely and without replacement, the Parties agree the Reference Capacity Price shall be zero. In the event that a change in Applicable Law after the Effective Date replaces the NYISO Capacity Market with a new resource adequacy construct, the Parties agree to negotiate in good faith to amend this Agreement, prospective from the Change in Law Date, to make such conforming changes as are necessary to replace the current Reference Capacity Price formula with a formula that reasonably comprises an index of prices available to generators in the Applicable Zone under the new resource adequacy construct.

Article V

Adjustments

Section 5.01. True-Up Adjustments. NYSERDA may (and, at the request of Seller, shall) review past invoices, including, but not limited to, the calculation of the Monthly REC Price to determine if a true-up adjustment is necessary. In the event of such request by the Seller, NYSERDA shall not be obligated to conduct a review of any period prior to the immediately preceding calendar year. If necessary, NYSERDA shall adjust, including by means of set-off, payments to subsequent invoices consistent with adjustments by NYGATS based on NYISO or other local control area billing settlement true-up procedures, based on actual metered production data measured at the Delivery Point, actual and verified data reflecting compliance with the electricity delivery requirements set forth in Article III, and/or based on the number of Tier-1 RECs Transferred.

Section 5.02. Other Adjustments. NYSERDA's contractual Payment obligations under this Agreement shall be subject to adjustment under the following circumstances:

(a) [For External Bid Facilities, amounts payable to Seller shall be adjusted to reflect costs borne by NYSERDA, if any, for participation in any renewable energy attribute accounting system operating in the Bid Facility's local control area, including all fees and charges, if any, for the delivery, registration and/or

retirement of the attributes or certificates in such renewable energy attribute accounting system.]

(b) Should Seller fail to Transfer Tier-1 RECs to the NYSERDA NYGATS Account in a number equal to at least 80% of the Bid Quantity, for three (3) consecutive Contract Years, the Bid Quantity shall be adjusted for the remainder of the Contract Delivery Term to an amount equal to (x) the highest Actual Annual Eligible Production associated with Tier-1 RECs Transferred to NYSERDA during any Contract Year over that three-year period multiplied by (y) the Bid Quantity Percentage, rounded down to the nearest whole REC.

(c) Should Seller fail to reasonably demonstrate to NYSERDA that the Verified Total Dollars divided by [Installed Capacity for new Bid Facilities and Upgrades]/[End of Useful Life Installed Capacity for Repowerings] is at least 85% of the Expected Dollars/MW, the Monthly REC Price payable for the remainder of the Contract Delivery Term shall be adjusted by NYSERDA, upon Notice to Seller. Such reduction in the Monthly REC Price will be made by multiplying the Monthly REC Price each month (beginning with the first month of the fourth Contract Year) by a percentage equal to (i) the Verified Total Dollars divided by the [Installed Capacity for new Bid Facilities and Upgrades]/[End of Useful Life Installed Capacity for Repowerings], divided by (ii) the Expected Dollars/MW.

(d) Should the Installed Capacity differ from the Bid Capacity, [or should the Incremental Upgrade Percentage identified in the SoQ differ from that in the PSoQ,] Seller agrees that NYSERDA may at its option upon Notice to Seller modify the Contract by adjusting the Bid Quantity, Bid Quantity Percentage, or other relevant terms in Schedule 1 to reflect the Installed Capacity [or Incremental Upgrade Percentage]. In making such an adjustment, NYSERDA may consider an independent engineer's production estimate furnished by Seller substantially in the form of the resource assessment described in Appendix 1 of RESRFP23-1.

(e) [Reserved].

(f) In the event of an MWBE and SDVOB Dollars/MW Shortfall or a U.S. Iron and Steel Dollars Shortfall, Seller shall pay to NYSERDA (or an account specified by NYSERDA) the amount of the applicable MWBE and SDVOB Dollars/MW Shortfall and/or U.S. Iron and Steel Dollars Shortfall within six (6) months of NYSERDA's notification to Seller of any such shortfall. NYSERDA may, in its sole discretion, set off amounts due to NYSERDA under this Section 5.02(f) from payments owed to Seller under Article IV of this Agreement.

[Section 5.03. *For projects with inflation adjustment: Inflation Adjustment.* A one-time adjustment to the Fixed REC Price or Index REC Strike Price shall be carried out as set forth in Exhibit L prior the commencement of the Contract Delivery Term and prior to any other adjustments made pursuant to this Article V.]

Article VI

Records, Reports and Other Seller Commitments

Section 6.01. Provision of Data.

(a) Seller shall, at NYSERDA's request, provide NYSERDA access to generation and delivery data, including detailed monthly market accounting settlement or other pertinent data from the administrator(s) of the energy market into which energy from the Bid Facility was delivered, from the entity or party in control of any meter through which the energy associated with the Quantity Obligation was delivered, and from the administrator of any attribute accounting system operating in such control area. Seller may be required to waive confidentiality, as to NYSERDA, for the direct transfer to NYSERDA by an energy market administrator or the operator of the transmission and/or distribution system into which the energy from the Bid Facility is delivered of transactional and/or delivery information and data pertinent to the verification of attribute creation and electricity delivery.

(b) [Reserved].

(c) Upon commissioning of the Bid Facility, Seller agrees to make commercially reasonable efforts to work with NYSERDA to validate a final accounting of the Bid Facility's (i) carbon footprint and (ii) energy and carbon payback periods. Seller further agrees to public disclosure of NYSERDA's determination of the Bid Facility' carbon footprint, and energy and carbon payback periods.

Section 6.02. Progress Reports.

(a) Beginning on the first such date following the Effective Date, and continuing until the commencement of the Contract Delivery Term, Seller shall provide quarterly written progress reports to NYSERDA, in form and substance reasonably satisfactory to NYSERDA ("Progress Reports"), no later than March 1 (for the preceding period of November 16 through February 15), June 1 (for the preceding period of February 16 through May 15), September 1 (for the preceding period of May 16 through August 15), and December 1 (for the preceding period

of August 16 through November 15), which reports shall be in electronic form, through a method specified by NYSERDA, and which shall describe at a minimum the following:

- (i) Seller's progress in obtaining and securing all required environmental or other permits and/or local approvals;
- (ii) The status of all development and/or construction planning or activities with regard to the Bid Facility, including the status of Payment-in-lieu of Taxes (PILOT)/Host Community Agreement (HCA) negotiations, site diligence, and financing;
- (iii) The status of the interconnection process between the Bid Facility and the administrator of the control area;
- (iv) Purchases, delivery, and/or installation of any major equipment associated with the Bid Facility;
- (v) An estimated date for Commercial Operation and a schedule of key milestones leading up to Commercial Operation;
- (vi) Information relating to the engagement of contractors and subcontractors engaged in work related to the Bid Facility, with specific emphasis on those that are New York State Certified MWBEs and New York State Certified SDVOBs registered with the Department of State,⁸ including identifying information for such firms, the scope of engagement for such firms, the expenditure on such firms, and the time period in which such firms were engaged and Seller's plan to meet or exceed the Expected MWBE and SDVOB Dollars/MW requirement and progress to date as well as compliance with Section 18.14 of this Agreement;
- (vii) Information as NYSERDA may reasonably request from time to time to identify and substantiate the economic benefits of the Bid Facility to Disadvantaged Communities, including but not limited to project spending by function and geographic area, the employment of contractors and subcontractors with a principal place of business in Disadvantaged Communities, and the hiring of workers that reside in Disadvantaged Communities;

⁸ A database listing registered MWBEs is available here:

<https://ny.newycontracts.com/FrontEnd/SearchCertifiedDirectory.asp?XID=5255&TN=ny>

A database listing SDVOBs is available here: <https://online.ogs.ny.gov/SDVOB/search>

(viii) Additional information requested by NYSERDA related to the Seller's diversity, equity, and inclusion efforts and other metrics tracked under New York State Labor Law § 224-d; and

(ix) Seller's plan to meet or exceed the Expected U.S. Iron and Steel Dollars /MW requirement and progress to date.

Such Progress Reports shall also include an updated project schedule with key milestones identified, copies of any permits or approvals granted and/or copies of any correspondence of any type denying or refusing any permit or approval.

Upon NYSERDA's request, Seller shall also provide an independent engineer's or similar third party's assessment of the long-term expected energy production of the Bid Facility. Seller shall notify NYSERDA within ten (10) days of having Knowledge of any event that could reasonably cause a material delay in any of the activities listed above. During the Construction Period, Seller shall include with each Progress Report either (a) a written attestation prepared by a New York State independent certified public accountant or other qualified party, in a form to be agreed upon, confirming that Seller is in compliance with the Prevailing Wage requirement set forth in Section 18.10, or (b) a written certification signed by Seller's contractor providing construction services for the Bid Facility, certifying that such services were performed in compliance with the Prevailing Wage requirement set forth in Section 18.10.

(b) Seller shall continue to report on information listed under Sections 6.02(a)(vi), 6.02(a)(vii), and 6.02(a)(viii) throughout the Contract Delivery Term.

(c) Seller shall provide NYSERDA with an Annual Operating Report on March 15 of each year within the Contract Delivery Term and one year thereafter covering the activities of the immediately preceding Calendar Year in which any Tier-1 RECs were Transferred to NYSERDA. Annual Operating Reports shall be submitted in a form substantially similar to Exhibit I to this Agreement, as may be modified by NYSERDA from time to time. To maximize efficiencies, NYSERDA will consider accepting, upon Seller request, Annual Operating Report formats that differ from that contained under Exhibit I to match the format of existing reporting formats utilized by Seller.

Section 6.03. Community Outreach. Each Progress Report shall include detail regarding the status of any ongoing communication with host communities and local governments, including community outreach events, open houses, town/planning board meetings, progress achieved in accordance with the community outreach plan provided in the Bid Proposal, status of organized support and opposition groups, and identification of potential host community issues.

Section 6.04. Economic Benefits Report. Within ninety (90) days of the third anniversary of the commencement of the Contract Delivery Term, Seller shall submit an Economic Benefits Report prepared by a New York State independent certified public accountant, demonstrating the actual Incremental Economic Benefits and Verified MWBE and SDVOB Dollars that resulted from the construction and operation of the Bid Facility. To fulfill this requirement, Seller’s independent certified public accountant will be required to prepare an “agreed upon procedures” report in accordance with the procedures outlined in the Economic Benefits Audit Protocol and Economic Benefits Verification Standards that were released with the Notice of Qualification provided to Seller as part of RESRFP23-1. The Economic Benefits Report will be funded at Seller’s expense.

Section 6.05. Additional Documents. Within sixty (60) Business Days of Notice of Award under RESRFP23-1, Seller shall provide to NYSERDA:

(a) certificates, dated as of the most recent practicable date prior to the Effective Date, issued by the [jurisdiction of Seller’s organization Secretary of State] confirming the corporate good standing of Seller [and for foreign corporations and companies a copy of the Application for Authority to do business in New York State as filed with the New York State Department of State];

(b) a certificate of an appropriate officer of Seller, dated as of the most recent practicable date prior to the Effective Date, in form and substance reasonably satisfactory to NYSERDA and certifying: (i) the names and signatures of the officers of Seller authorized to sign any documents to be delivered hereunder, and (ii) the accuracy and completeness of resolutions of Seller, authorizing and approving all matters in connection with the transactions contemplated hereby.

Seller shall promptly provide NYSERDA with updated and corrected versions of the above-referenced certificates upon any change in the information provided therein.

Section 6.06. Maintenance of Records. Seller shall keep, maintain, and preserve throughout the term of this Agreement and for a period of seven (7) years following the expiration of this Agreement, full and detailed books, accounts, and records pertaining to Seller’s performance under the Agreement, including without limitation, all bills, invoices, payrolls, subcontracting efforts and other data evidencing, or in any material way related to, the direct and indirect costs and expenses incurred by Seller in the course of such performance. The foregoing records may be kept, maintained, or preserved on any information storage device, or one or more electronic networks or databases, provided that such records can be converted into clearly legible form within a reasonable time. Seller may destroy or otherwise dispose of a record falling within the scope of this Section no earlier than seven (7) years following the creation thereof with the written consent of NYSERDA, such consent not to be unreasonably withheld.

Section 6.07. Site Control. Unless otherwise agreed to by NYSERDA in writing, within three hundred sixty five (365) days of the Award Notification Date, Seller shall provide documentation demonstrating rights-of-way or full control of the acreage needed for the Bid Facility, including any interconnection facilities.

Section 6.08. [Reserved].

Section 6.09. [Reserved].

Section 6.10. Specific Disadvantaged Community Commitments. Seller agrees to fulfill all specific Disadvantaged Community Commitments identified in Exhibit M to this Agreement.

(a) With NYSERDA's consent, Seller may substitute a Disadvantaged Community Commitment identified in Section 6.10(a) with a substitute Disadvantaged Community Commitment of equal or greater value to Disadvantaged Community(ies) in New York State.

(b) Should Seller fail to fulfill any Disadvantaged Community Commitment Seller is obligated to fulfill under Section 6.10(a) or 6.10(b) of this Agreement, Seller shall make payment to NYSERDA in the amount of the unfulfilled dollar value of such commitment, or propose a replacement Disadvantaged Community Commitment in the event that there is no dollar value associated with such commitment, no later than sixty (60) days after the Bid Facility achieves Commercial Operation or the date identified in such commitment, whichever is later.

(c) Seller shall verify any payments made towards any Disadvantaged Community Commitments incurred prior to the third anniversary of Commercial Operation pursuant to Section 6.04 of this Agreement. Seller shall report any payments made towards any Disadvantaged Community Commitments not covered or in addition to those verified under Section 6.04 of this Agreement 60 days following the fourth anniversary of Commercial Operation and annually thereafter throughout the Contract Delivery Term.

Section 6.11. Agricultural Mitigation Payment.

(a) Seller agrees to make the Agricultural Mitigation Payment to a fund designated by NYSERDA within sixty (60) days of the date upon which the Bid Facility is granted Operational Certification. The final amount of the Agricultural Mitigation Payment shall be determined by NYSERDA in cooperation with Seller through the Operational Certification process. Seller agrees to adhere to the Agricultural Mitigation Payment calculation methodology, as depicted for the

proposed Bid Facility in Exhibit H and detailed in RESRFP23-1. Seller shall provide all reasonably necessary information requested by NYSERDA in order for NYSERDA to submit notices of intent and related documentation pursuant to AML §305 (4).

(b) Seller may request to defer payment of the Agricultural Mitigation Payment by submitting to NYSERDA an acceptable Agricultural Co-Utilization Plan. In order to be eligible for a deferred Agricultural Mitigation Payment, Seller must submit the associated Agricultural Co-Utilization Plan at least 180 calendar days prior to commencement of Construction Activities related to the Bid Facility, and NYSERDA must accept the same.

(c) In accordance with an accepted Agricultural Co-Utilization Plan, the Seller will be required to submit annual reports to NYSERDA at the first, second, third, and fourth anniversary of Commercial Operation, and will be required to submit a final report on the implementation of the Agricultural Co-Utilization Plan on the fifth anniversary of Commercial Operation. Annual and final reports must include, at a minimum, gross expenditures, gross revenues, net revenues, lessons learned, and photo documentation of the practices discussed. The accepted Agricultural Co-Utilization Plan and all final reports may be made public by NYSERDA.

(d) For each dollar of gross expenditure made by the Seller, and verified by NYSERDA, for Eligible Co-Agricultural Expenses included within an Agricultural Co-Utilization Plan that has been accepted by NYSERDA, Seller may reduce the amount of the deferred Agricultural Mitigation Payment by \$0.85 provided Seller has adhered to the requirements of this Section 6.11 and the terms of the accepted Agricultural Co-Utilization Plan.

(e) If the Bid Facility is subject to the jurisdiction of ORES under New York State Executive Law § 94-c, and the Agricultural Co-Utilization Plan is approved by ORES as a permit condition, NYSERDA will accept the Agricultural Co-Utilization Plan as approved and modified by ORES but may require additional reporting or other non-substantive supplemental modifications.

Section 6.12. Outages. Seller agrees to provide NYSERDA with as much advanced notice as possible for any planned outages or reductions in output of the Bid Facility during the Contract Delivery Term, but, in any event, not less than five (5) Business Days' notice. During the Contract Delivery Term, Seller agrees to notify NYSERDA of any unplanned outages or reductions in output of the Bid Facility no more than two (2) Business Days after the discovery thereof.

Section 6.13. Failure to Report. In the event that at any time after the Effective Date Seller (a) fails to provide information expressly required by this Agreement to be reported to NYSERDA (for example, Progress Reports required under Section 6.02 or Annual Operating Reports required under Section 6.03), or (b) fails to provide information reasonably requested by NYSERDA in connection with the matters contemplated by this Agreement, in either case within the time period required by this Agreement or otherwise reasonably required by NYSERDA and, following written notice of such failure, Seller does not cure the failure within a reasonable time period, not to exceed 15 business days, NYSERDA shall be permitted to (x) draw from Seller's Contract Security (or, if elected by Seller, Seller shall pay NYSERDA), or (y) retain from any amounts due to Seller under this Agreement, an amount equal to \$10,000 per uncured failure to provide information; provided that the amount shall increase to \$20,000 per uncured failure after the first three instances this provision is triggered. The payments contemplated in this Section 6.13 for reporting failures are designed to help compensate NYSERDA for, among other things, the damages that result from the failure to timely submit information to NYSERDA and do not constitute a penalty payment.

Section 6.14. Construction Mitigation for Agricultural Lands. Seller agrees to adhere to the guidelines applicable to a Project Company as set forth in Exhibit E and detailed in RESRFP23-1.

Article VII

Audit

Section 7.01. Audit. NYSERDA shall have the right from time to time and at all reasonable times during the term of the Agreement and a period of seven (7) years thereafter to inspect and audit any and all books, accounts and records pertaining to Seller's performance under this Agreement, at the office or offices of Seller where they are then being kept, maintained and preserved in accordance with Section 6.06. If such books, accounts and records are not kept at an office within the State of New York, within a reasonable time of a request by NYSERDA, Seller shall make such books, accounts and records available to NYSERDA at NYSERDA's offices or at an agreed upon location within the State of New York. Any payment made under this Agreement shall be subject to retroactive adjustment (reduction or increase) regarding amounts included therein which are found by NYSERDA on the basis of any audit of Seller by an agency of the United States, the State of New York or NYSERDA not to constitute a properly invoiced amount.

Section 7.02. Eligibility Audit. NYSERDA may require periodic audits of the Bid Facility to verify that the Bid Facility remains eligible under the RES as described in Section 2.06 of this Agreement. Seller shall provide NYSERDA with written notice prior to any material modification of the Bid Facility, including but not limited to any modification that is expected to

Article VIII

Assignment and Change of Control

Section 8.01. General Restrictions. Except as specifically permitted by this Article VIII, (a) the assignment, transfer, conveyance, or other disposal of this Agreement or any of Seller's rights, obligations, interests or responsibilities hereunder, in whole or in part, without the prior express written consent of NYSERDA is prohibited and shall be void and of no effect as to NYSERDA and (b) any Change of Control without the prior express written consent of NYSERDA shall constitute an Event of Default under this Agreement. Any such consent shall not be unreasonably withheld. Seller agrees to reimburse NYSERDA for NYSERDA's reasonable costs and expenses incurred by its use of outside attorneys, consultants, accountants and advisors in connection with any of Seller's requests for NYSERDA's consent made pursuant to this Section 8.01, without regard to whether such consent is provided. NYSERDA shall provide an invoice to Seller for such charges, with appropriate documentation, and Seller shall pay such invoice within thirty (30) days. Without limiting NYSERDA's right to reasonably withhold any requested consent, any NYSERDA consent will, in any event, be conditioned on (x) the execution and delivery by Seller and its proposed assignee of an instrument of assignment pursuant to which such assignee assumes all of Seller's duties and obligations under this Agreement, in a form substantially similar to Exhibit G, and (y), if required to maintain compliance with Article XV, delivery by such assignee of Contract Security to NYSERDA in substitution of the Contract Security provided by Seller hereunder, and (z) the execution and delivery by Seller and NYSERDA of mutual releases of liability with respect to this Agreement, in each case, in form and substance reasonably satisfactory to NYSERDA.

Section 8.02. Permitted Assignments by Seller. Notwithstanding Section 8.01, NYSERDA's consent shall not be required for Seller to either (a) pledge or assign the Bid Facility, this Agreement, or the accounts, revenues, or proceeds from this Agreement in connection with financing arrangements, or (b) assign the Bid Facility and this Agreement to an affiliate if the then-current Contract Security remains in place. Upon Seller's reasonable request, NYSERDA shall execute a consent to assignment associated with a financing in a form reasonably acceptable to NYSERDA and Seller. For purposes of this Section 8.02, the term "affiliate" shall include any company, corporation, or other entity that, directly or indirectly, controls, is controlled by, or is under common control with Seller. For purposes of this definition, "control" shall mean ownership or control, directly or indirectly, of at least fifty percent (50%) of the shares having voting rights, or other equivalent rights of the subject entity entitled to vote.

Section 8.03. Change of Control. NYSERDA’s consent shall not be required for any Change of Control that constitutes a disposition to a Permitted Transferee. If Seller provides NYSERDA with written notice of its intent to effectuate a Change of Control setting forth a description of the transferee describing how it fits within the definition of Permitted Transferee and NYSERDA does not respond within fifteen (15) Business Days, NYSERDA shall be deemed to have confirmed that the proposed Change of Control does not require NYSERDA’s consent.

Section 8.04. Change in Tax Identification Number. Within five (5) days after any change in the Seller’s federal tax identification number Seller must (i) notify NYSERDA of such change and (ii) provide NYSERDA with a replacement W-9 form. If Seller is a disregarded entity, the requirements of this Section shall apply to any changes to the W-9 Seller has filed with NYSERDA for payment purposes.

Section 8.05. Advance Notice. Subject to any requirements to comply with Applicable Law, Seller agrees to provide NYSERDA advance notice, in accordance with Section 19.01 of this Agreement, of (i) any assignment, transfer, conveyance, or other disposal of this Agreement or any of Seller’s rights, obligations, interests or responsibilities hereunder, in whole or in part and (ii) any Change of Control in which Seller has or should reasonably have actual knowledge of such transaction likely to cause the Change in Control, in each case regardless of whether or not NYSERDA’s consent is required hereunder. NYSERDA agrees to execute a confidentiality agreement, as reasonably determined by Seller as necessary, to protect the disclosures required by this Section.

Section 8.06. Non-Compliant Assignments. Any assignment in violation of this Article 8 shall be void *ab initio* with respect to this Agreement.

(<https://www.nyserda.ny.gov/-/media/Project/Nyserda/Files/Publications/PPSER/NYSERDA/NYSERDA-Guide-to-Doing-Business.pdf>); and

(l) that Seller will comply with all Applicable Law other than such Applicable Law the failure with which to comply reasonably could have a material adverse effect on the development, construction or operation of the Bid Facility, Seller's ability to generate or deliver Tier-1 RECs in accordance with this Agreement or Seller's performance of any of its other obligations under this Agreement.

Section 9.02. Continuing Nature of Representations, Warranties and Guarantees. The representations, warranties and guarantees set forth in this Article are made as of the Effective Date and deemed made continually throughout the Contract Delivery Term, except to the extent that such representation and warranty states that it is permitted or required to be made only as of a specific date. If at any time during the Contract Delivery Term, Seller has actual knowledge of any event or information that causes any of the representations and warranties of an ongoing nature in this Article IX to be untrue or misleading, Seller shall provide NYSERDA with prompt written notice of the event or information, the representations and warranties affected, and the corrective action Seller shall take. The notice required pursuant to this Section shall be given as soon as practicable after the occurrence of each such event.

Section 9.03. Limitation on Representations, Warranties and Guarantees. Except as expressly set forth herein, there is no warranty of merchantability or fitness for a particular purpose with respect to the Tier-1 RECs transferred hereunder, and any and all implied warranties are disclaimed.

The notice required pursuant to this Section shall be given as soon as practicable after the occurrence of each such event.

Article XI

Indemnification

Section 11.01. Indemnification. Seller shall protect, defend, indemnify and hold harmless NYSERDA and the State of New York from and against all liabilities, losses, claims, damages, judgments, penalties, causes of action, costs and expenses (including, without limitation, reasonable attorneys' and/or experts' fees and expenses "Loss") imposed upon or incurred by or asserted against NYSERDA or the State of New York resulting from, arising out of or relating to Seller's breach of this Agreement or to the extent caused by any alleged negligence, unlawful act or omission, or intentional misconduct of Seller in the course of the development of the Bid Facility, or the production or delivery of Tier-1 RECs under this Agreement. Seller shall have no obligation to protect, defend, indemnify, or hold harmless NYSERDA or the State of New York with respect to any claims asserted against NYSERDA or the State of New York challenging (a) the legal validity of (i) this Agreement, (ii) the purchase or sale of Tier-1 RECs, or (iii) the competitive solicitation process held by NYSERDA to procure Tier-1 RECs; or (b) the administration of NYGATS and/or Clean Energy Standard program (including any dispute arising out of the resale of Tier-1 RECs by NYSERDA). Section 11.02. Indemnification Procedures. NYSERDA shall give reasonable notice to Seller of any claim or notice of the commencement of any action, administrative or legal proceeding or investigation as to which indemnification under this Article may apply or

promptly after NYSERDA has actual knowledge of any other Loss that would result in a claim for indemnification, provided that any failure by NYSERDA to provide such timely notice shall not affect Seller's indemnification obligations under this Article XI, except to the extent that Seller is materially prejudiced by such failure. NYSERDA shall reasonably cooperate with Seller in the defense of any such claim. Seller shall use counsel reasonably satisfactory to NYSERDA to defend any such claim (with consent to counsel not to be unreasonably withheld, conditioned, or delayed) and shall control the defense of any such claim. NYSERDA may participate in the defense of any such claim at its own expense. Seller may not agree to any settlement or compromise of any claim without NYSERDA's prior written consent (which consent may not be unreasonably withheld, conditioned, or delayed) that is not an unconditional release of NYSERDA from any and all liabilities upon the payment of money that will be paid by Seller.

Section 11.03. Failure to Defend. If Seller fails to assume the defense of a claim meriting indemnification, NYSERDA may at the expense of Seller contest, settle or pay such claim, and Seller shall promptly reimburse NYSERDA for all costs reasonably incurred and documented by NYSERDA associated therewith.

rating of A or better by Standard and Poor's, A or better by Fitch, or A2 or better by Moody's, and is a United States bank, or a United States branch of a foreign bank, with a New York branch preferred. The Letter of Credit shall be substantially in the form of the letter of credit attached hereto as Exhibit B ("Letter of Credit"), in a face amount equal to the Contract Security amount, and which Letter of Credit shall provide that the issuing bank will pay to NYSERDA amounts in aggregate up to that same face amount upon presentation of only the Sight Draft in the amount to be drawn and the Payment Certificate, in the form of Annex A and Annex B, respectively, to the Letter of Credit, and have an expiration date not shorter than one (1) year. Should the Bid Facility not have commenced Commercial Operation by a date 30 days prior to the expiration date of the Letter of Credit, and Seller not having provided NYSERDA or arranged with NYSERDA to provide a substitute Letter of Credit prior to such expiration, NYSERDA shall be thereupon entitled to draw on the Letter of Credit for the full amount then outstanding and the funds received shall be held by NYSERDA until a substitute Letter of Credit has been provided, or for application against subsequent obligations of Seller.

Section 15.05. Replacement. Any assignee of this Agreement pursuant to Article VIII of this Agreement shall, simultaneously with its consummation of such assignment, deliver to NYSERDA a Replacement Letter of Credit or other form of replacement Contract Security acceptable to NYSERDA, as applicable, meeting the requirements of this Article, and NYSERDA shall, within twenty (20) Business Days after receipt of a compliant Replacement Letter of Credit or other form of replacement Contract Security acceptable to NYSERDA, as applicable, return the original Letter of Credit to Seller. Upon the failure of an assignee to deliver a compliant Replacement Letter of Credit or other form of replacement Contract Security acceptable to NYSERDA, as applicable, to NYSERDA simultaneously with its receipt of the assignment, NYSERDA shall be thereupon entitled to draw on the Letter of Credit for the full amount then outstanding and the funds received shall be held by NYSERDA for application against subsequent obligations of Seller and/or the assignee under this Agreement.

Section 15.06. Refund of Security. Amounts provided by Seller as Contract Security will be refunded to Seller by NYSERDA as follows:

- (a) In their entirety, upon the achievement by the Bid Facility of an SoQ and Operational Certification, if the Installed Capacity is equal to or greater than the Bid Capacity.
- (b) At a prorated amount, upon the achievement by the Bid Facility of an SoQ and Operational Certification, if the Installed Capacity is less than the Bid Capacity. Such amount that will be refunded, expressed as a percentage of the total Contract Security, will be equal to the Installed Capacity divided by the Bid Capacity.

Section 15.07. Retention of Security. Amounts provided by Seller as Contract Security will be retained by NYSERDA as follows:

- (a) In their entirety if Seller fails to execute this Agreement within one hundred and eighty days (180) calendar days of Seller's receipt of a conformed Agreement from NYSERDA, Contract Security in the amount required under Section 15.01(a), above.
- (b) In their entirety if Seller fails to provide to NYSERDA, on or before the date that is one (1) year prior to the Initial Commercial Operation Milestone Date, Contract Security in the amount required under Section 15.01(b), above.
- (c) In their entirety if Seller fails to meet the Commercial Operation Milestone Date under Section 2.07 and the Seller fails to provide to NYSERDA, on or before the expiration of the Commercial Operational Milestone Date under Section 2.07, the additional Contract Security in the amount required under Section 15.02, or an Executed Interconnection Agreement pursuant to Section 15.03, if applicable.
- (d) At a prorated amount if the Installed Capacity is less than the Bid Capacity. - (e) In their entirety if the Seller is in default of this Agreement and has failed to cure such default within any applicable cure period.
- (f) In a specific amount for a failure to report information in accordance with Section 6.13 of this Agreement.

Section 15.08. Stipulated Damages. NYSERDA and Seller hereby agree, acknowledge and stipulate that NYSERDA's retention of amounts provided by Seller as Contract Security pursuant to Article XV, in the proportions stated within this Article, is fair and reasonable under the circumstances and in light of the uncertainty and inability to adequately quantify the harm that would result to NYSERDA as a result of the events that permit NYSERDA to retain such amounts of the Contract Security.

Article XVI

Force Majeure

Section 16.01. Force Majeure.

(a) Neither Party hereto shall be liable for any failure or delay in the performance of its respective obligations hereunder if and to the extent that such delay or failure is due to a cause or circumstance beyond the reasonable control of such Party that could not have been prevented or avoided by such Party through the exercise of reasonable diligence and that directly prohibits or prevents such Party from performing its obligations under this Agreement, including, without limitation, (i) acts of God or the public enemy, (ii) expropriation or confiscation of land or facilities, (iii) compliance with any law, order, regulation or request of any Federal, State, municipal or local governmental authority, including NYSERDA (but only with respect to a Force Majeure Event claimed by Seller), (iv) acts of war, rebellion or sabotage or damage resulting therefrom, (v) major equipment failure, and (vi) fires, floods, storms, explosions, accidents, riots, or strikes (a “Force Majeure Event”); provided, however, that the occurrence of a Force Majeure Event shall not excuse a Party from any payment obligations hereunder with respect to services previously rendered or partial payment to the extent some portion of the Tier-1 RECs continue to be rendered during a period in which a Force Majeure Event renders a Party only partially able to perform. Variability in the frequency or force of the wind, of the sun, of rainfall, or of water levels will in no event constitute a Force Majeure Event. Failure by Seller to obtain or secure any permit or approval or delay in obtaining any permit or approval of any sort with regard to Seller’s performance under the Agreement shall not constitute a Force Majeure Event.

(b) [Reserved].

(c) COVID-19. If work on the Bid Facility is delayed, disrupted, suspended, or otherwise materially impacted as a direct or indirect result of a COVID pandemic-related impact on or after the Effective Date, including, but not limited to, by (i) disruptions to material and/or equipment supply; (ii) illness of personnel and/or unavailability of labor; (iii) acts of government, including quarantines, delays, closures, shutdowns, or other measures, orders, mandates, restrictions, and/or directives; (iv) restrictions and/or directives that specifically are put in place to provide for the health, safety and protection of personnel relating to protection from the COVID pandemic; and/or (v) fulfillment of contractual or legal health and safety obligations associated with the COVID pandemic, then Seller’s performance shall be excused and suspended until the later of (x) the termination,

expiration, or lapse of the circumstances that give rise to the inability to perform; and (y) in the case of COVID-related supply chain disruptions, the resumption of the ability to obtain the materials and equipment needed to construct the Bid Facility. Upon the occurrence of any COVID pandemic-related impact, Seller shall use commercially reasonable efforts to mitigate the effects of such COVID pandemic-related impact, resume normal performance under this Agreement as soon as reasonably practicable, and continue to perform its obligations under this Agreement insofar as they are not affected by such COVID pandemic-related impact. The relief provided for in this Section 16.01(c) shall not apply to the extent Seller had or should reasonably have had knowledge of such a COVID pandemic-related impact prior to the Effective Date. Seller affirms that the Commercial Operation Milestone Date includes all COVID pandemic-related impacts known to Seller as of the Effective Date.

(d) If either Party is unable, wholly or in part, by Force Majeure to perform obligations under this Agreement, such performance shall be excused and suspended so long as the circumstances that give rise to such inability exist or would exist if the Party claiming the Force Majeure used commercially reasonable efforts to cure such circumstances, but for no longer period. The Party whose performance is affected shall give prompt notice thereof; such notice may be given orally or in writing but, if given orally, it shall be promptly confirmed in writing, providing details regarding the nature, extent and expected duration of the Force Majeure, its anticipated effect on the ability of such party to perform obligations under this Agreement, and the estimated duration of any interruption in service or other adverse effects resulting from such Force Majeure, and shall be updated or supplemented to keep the other Party advised of the effect and remedial measures being undertaken to overcome the Force Majeure. Such inability shall be promptly corrected to the extent it may be corrected through the exercise of commercially reasonable due diligence. Subject to Section 14.01(c), following the occurrence of a Force Majeure Event that adversely affects a Party's ability to perform under this Agreement, the Parties shall negotiate in good faith to amend the terms and conditions of this Agreement to limit the effects thereof and give effect to the original intent of the Parties hereunder.

Article XVII

Compliance with Certain Laws

Section 17.01. Governing Law; Venue. This Agreement shall be governed by and construed in accordance with the laws of the State of New York applicable to contracts executed and to be performed in New York State without regard to its conflicts of laws principles. The

Parties irrevocably acknowledge and accept that all actions arising under or relating to this Agreement, and the transactions contemplated hereby and thereby shall be brought exclusively in a United States District Court or New York State Court located in Albany, New York having subject matter jurisdiction over such matters, and each of the Parties hereby consents to and accepts such personal jurisdiction of, and waives any objection as to the laying of venue in, such courts for purposes of such action.

Section 17.02. Laws of the State of New York. Seller shall comply with all of the requirements set forth in Exhibit A hereto.

Section 17.03. All Legal Provisions Deemed Included. It is the intent and understanding of Seller and NYSERDA that each and every provision of law required by the laws of the State of New York to be contained in this Agreement shall be contained herein, and if, through mistake, oversight or otherwise, any such provision is not contained herein, or is not contained herein in correct form, this Agreement shall, upon the application of either NYSERDA or Seller, promptly be amended so as to comply strictly with the laws of the State of New York with respect to the inclusion in this Agreement of all such provisions. In such event, the Parties shall negotiate such amendment in good faith with the intent that such amendment reflects, as closely as possible, the terms and conditions of this Agreement in effect prior to such amendment; provided that such amendment shall not in any event alter (a) the purchase and sale obligations of the Parties pursuant to this Agreement, or (b) the pricing and payment provisions of this Agreement.

Section 17.04. Permits and Approvals. Seller shall be responsible to obtain all applicable permits and regulatory approvals that may be required in order to develop and/or operate the Bid Facility over the duration of the Contract Delivery Term. Neither the RES Program nor selection under RESRFP23-1 in any way replaces or modifies the necessity or applicability of any permit or approval process by any jurisdiction. NYSERDA's obligations to make payments to Seller are conditional on the acquisition by Seller of all such permits and approvals. Upon request by NYSERDA Seller must demonstrate such acquisition and/or provide copies of all permits and approvals acquired. Seller shall provide prompt notice to NYSERDA of the initiation of any criminal or regulatory investigation, hearing, proceeding, or review process ("Process") by any federal or State entity regarding any actual or alleged violation of any permit or approval obtained or applied for with respect to the Bid Facility, as well as of any modification, penalty and/or fine that may be imposed or occur as a result of such a Process or violation, in either case which actual or alleged violation, modification, penalty and or fine, if true or imposed, would substantially impair Seller's performance of obligations under this Agreement. Upon the filing by Seller of an application for a permit to site the Bid Facility, Seller shall promptly notify NYSERDA and shall comply with any restrictions NYSERDA may impose regarding communication with NYSERDA staff.

Section 17.05. Other Legal Requirements. The references to particular laws of the State of New York in this Article and elsewhere in this Agreement are not intended to be exclusive and nothing contained in such Article, Exhibit and Agreement shall be deemed to modify the obligations of Seller to comply with all legal requirements.

Article XVIII

Each Party represents and warrants to the other that it is a “forward contract merchant” within the meaning of the United States Bankruptcy Code, that this Agreement is a “forward contract” within the meaning of the United States Bankruptcy Code, and that the remedies identified in this Agreement shall be “contractual rights” as provided for in 11 U.S.C. § 556 as that provision may be amended from time to time.

Section 18.02. Taxes/Costs. Seller shall be responsible for and obligated to pay all present and future taxes, fees, levies and costs that may be assessed by any entity including but not limited to NYGATS with respect to Seller’s provision of Tier-1 RECs to NYSERDA, or with respect to the measurement, tracking, and verification and participation in NYGATS necessary for the creation and Transfer of the Tier-1 RECs and/or the energy with which they are associated, into the NYSERDA NYGATS account.

Section 18.03. Term. Unless terminated earlier under this Article, this Agreement shall expire upon the expiration of the Contract Delivery Term. Any such extension or waiver shall be valid only if set forth in an instrument in writing signed by the Party to be bound thereby. Any waiver of any term or condition shall not be construed as a waiver of any subsequent breach or a subsequent waiver of the same term or condition, or a waiver of any other term or condition, of this Agreement. No provision of this Agreement will be deemed to have been waived unless the waiver is in writing; no delay by either Party in exercising its rights hereunder, including the right to terminate this Agreement, shall be deemed to constitute or evidence any waiver by such

Party of any right hereunder. The rights granted in this Agreement are cumulative of every other right or remedy that the enforcing Party may otherwise have at law or in equity or by statute.

Section 18.05. Independent Contractor. The status of Seller under this Agreement shall be that of an independent contractor and not that of an agent, and in accordance with such status, Seller and its respective officers, agents, employees, representatives and servants shall at all times during the term of this Agreement conduct themselves in a manner consistent with such status and by reason of this Agreement shall neither hold themselves out as, nor claim to be acting in the capacity of, officers, employees, agents, representatives or servants of NYSERDA nor make any claim, demand or application for any right or privilege applicable to NYSERDA, including, without limitation, rights or privileges derived from workers' compensation coverage, unemployment insurance benefits, social security coverage and retirement membership or credit. Nothing in this Agreement shall be construed as creating a partnership, joint venture or other relationship between NYSERDA and Seller for any reason.

Section 18.06. Severability. If any provision of this Agreement shall be declared by any court of competent jurisdiction to be illegal, void or unenforceable, all other provisions of this Agreement shall not be affected and shall remain in full force and effect. If any provision of this Agreement is so broad as to be unenforceable, that provision shall be interpreted to be only so broad as will enable it to be enforced.

Section 18.07. Seller Expense. Section 18.08. Environmental Disclosure. The Parties agree that, at the time of the execution of this Agreement, New York employs NYGATS for the tracking, registration, and trading of generation attributes, including renewable or environmental attributes or credits, and that NYGATS will be used by the New York State Department of Public Service to accomplish verification of the transactions consummated hereunder as part of the Environmental Disclosure Program.

Section 18.09. Covenant. Seller hereby covenants and promises that the Bid Facility is or will be eligible under any applicable orders of the Public Service Commission issued under Case 15-E-0302, Proceeding on Motion of the Commission to Implement a Large-Scale Renewable Program and a Clean Energy Standard, as of the Effective Date of this Agreement, and that it will remain so throughout the Contract Delivery Term.

Section 18.10. Prevailing Wage. No less than six months prior to the start of Construction Activities, Seller must notify NYSERDA of its intent to commence Construction Activities, and in cooperation with the New York State Department of Labor, generate a prevailing wage determination for the construction of the Bid Facility, as will be updated from time to time. Unless relieved of such requirements by entering into a duly executed PLA in accordance with Section 18.12 of this Agreement and Labor Law § 222, Seller will be responsible for complying with all prevailing wage requirements (including but not limited to reporting requirements) under New York State Labor Law §§ 220, 220-b, and 224-d. Should NYSERDA determine that Seller has failed to pay at least the Prevailing Wage in accordance with this Section 18.10, NYSERDA will notify Seller in writing. Section 18.13. Labor Peace Agreement. Pursuant to New York State Public Service Law § 66-r (3), the Parties understand and agree that the Seller, as owner of the Bid Facility, or a third party acting on the Seller's behalf, will be obligated to enter into a labor peace agreement ("Labor Peace Agreement" or "LPA") in compliance with New York State Public Service Law § 66-r with at least one bona fide labor organization either where such bona fide labor organization is actively representing employees providing necessary operations and maintenance services for the Bid Facility at the time of such agreement or upon notice by a bona fide labor organization that is attempting to represent employees who will provide necessary operations and maintenance services for the renewable energy system employed in the state. The Labor Peace Agreement will, at a minimum, protect the State of New York's proprietary interests by prohibiting labor organizations and members from engaging in picketing, work stoppages, boycotts, and any other economic interference with the construction or operation of the Bid Facility. The Parties further understand and agree that, pursuant to and to the extent legally required by New York State Public Service Law § 66-r (3), the maintenance of such LPA shall be an ongoing material condition of any continuation of payments under this Agreement. Seller agrees to notify NYSERDA of any event triggering Seller's obligation under this Section, or an obligation under New York State Public Service Law § 66-r (3), within 15 business days of the occurrence of such an event. Within 30 days after the occurrence of any event triggering Seller's obligation under this Section, Seller, as owner, shall submit to NYSERDA a confidential plan to complete negotiations with its counterparty under New York State Public Service Law § 66-r (3), which shall provide for the execution of an LPA within 60 days of the triggering event or sooner if required by applicable law.

Section 18.14. MWBE and SDVOB Requirements. In addition to Seller's Economic Benefits obligations pursuant to this Agreement, including those related to Expected MWBE and SDVOB Dollars/MW, Seller shall, and shall cause its subcontractors and service contractors to via subcontract terms and conditions, undertake commercially reasonable efforts to contract with MWBEs and SDVOBs in relation to the development, design, construction, operation and decommissioning of Bid Facility. Such opportunities include but are not limited to subcontracting opportunities, mentorship programs, joint venturing, and other business development activities. Seller shall document commercially reasonable efforts undertaken pursuant to this Section in each quarterly Progress Report submitted pursuant to Section 6.02 of this Agreement. Nothing in this Section 18.14 shall excuse Seller's performance of the Economic Benefits expenditures contained in this Agreement.

information obtained from a commercial enterprise and which if disclosed would cause substantial injury to the competitive position of the subject enterprise.” If NYSERDA receives a request from a third party for information or a document received from Seller and which has been marked “Confidential” or “Proprietary,” NYSERDA will process such request under the procedures provided by NYSERDA’s FOIL regulations.

Section 21.04. Claim of Confidentiality. Section 21.05. Publication of Agreement. Seller acknowledges that NYSERDA may publish this Agreement. Prior to such publication, NYSERDA will redact any critical electric infrastructure information contained in the Agreement, if any, including in the exhibits hereto, and will consider Seller’s requests for the redaction of confidential business information; provided, however that NYSERDA shall not accept any request to redact price information contained in this Agreement, specifically the Index REC Strike Price or any terms which may contribute to the calculation of financial obligations under the Agreement.

REVISED 12/19

STANDARD TERMS AND CONDITIONS
FOR ALL NYSERDA AGREEMENTS

(Based on Standard Clauses for New York State Contracts and Tax Law Section 5-a)

The parties to the Agreement agree to be bound by the following clauses which are hereby made a part of the Agreement to the extent applicable:

1. NON-DISCRIMINATION REQUIREMENTS. To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, sex, national origin, sexual orientation, age, disability, genetic predisposition or carrier status, or marital status. Furthermore, in accordance with Section 220-e of the Labor Law, if this is an Agreement for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this Agreement shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this Agreement. If this is a building service Agreement as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of \$50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this Agreement and forfeiture of all moneys due hereunder for a second subsequent violation.

2. WAGE AND HOURS PROVISIONS. If this is a public work Agreement covered by Article 8 of the Labor Law or a building service Agreement covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor

Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of Section 220 of the Labor Law shall be a condition precedent to payment by NYSERDA of any NYSERDA-approved sums due and owing for work done upon the project.

3. NON-COLLUSIVE BIDDING REQUIREMENT. In accordance with Section 2878 of the Public Authorities Law, if this Agreement was awarded based upon the submission of bids, Contractor warrants, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. Contractor further warrants that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to NYSERDA a non-collusive bidding certification on Contractor's behalf.

4. INTERNATIONAL BOYCOTT PROHIBITION. If this Agreement exceeds \$5,000, the Contractor agrees, as a material condition of the Agreement, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the Federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the Agreement's execution, such Agreement, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify NYSERDA within five (5) business days of such conviction, determination or disposition of appeal. (See and compare Section 220-f of the Labor Law, Section 139-h of the State Finance Law, and 2 NYCRR 105.4).

5. SET-OFF RIGHTS. NYSERDA shall have all of its common law and statutory rights of set-off. These rights shall include, but not be limited to, NYSERDA's option to withhold for the purposes of set-off any moneys due to the Contractor under this Agreement up to any amounts due and owing to NYSERDA with regard to this Agreement, any other Agreement, including any Agreement for a term commencing prior to the term of this Agreement, plus any amounts due and owing to NYSERDA for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto.

6. PROPRIETARY INFORMATION. Notwithstanding any provisions to the contrary in the Agreement, Contractor and NYSERDA acknowledge and agree that all information, in any format, submitted to NYSERDA shall be subject to and treated in accordance with the NYS Freedom of Information Law ("FOIL," Public Officers Law, Article 6). Pursuant to FOIL, NYSERDA is required to make available to the public, upon request, records or portions thereof which it possesses, unless that information is statutorily exempt from disclosure. Therefore, unless the Agreement specifically requires otherwise, Contractor should submit information to NYSERDA in a non-confidential, non-proprietary format. FOIL does provide that NYSERDA

may deny access to records or portions thereof that “are trade secrets or are submitted to an agency by a commercial enterprise or derived from information obtained from a commercial enterprise and which if disclosed would cause substantial injury to the competitive position of the subject enterprise.” [See Public Officers Law, § 87(2)(d)]. Accordingly, if the Agreement specifically requires submission of information in a format Contractor considers a proprietary and/or confidential trade secret, Contractor shall fully identify and plainly label the information “confidential” or “proprietary” at the time of disclosure. By so marking such information, Contractor represents that the information has actual or potential specific commercial or competitive value to the competitors of Contractor. Without limitation, information will not be considered confidential or proprietary if it is or has been (i) generally known or available from other sources without obligation concerning its confidentiality; (ii) made available by the owner to others without obligation concerning its confidentiality; or (iii) already available to NYSERDA without obligation concerning its confidentiality. In the event of a FOIL request, it is NYSERDA’s policy to consider records as marked above pursuant to the trade secret exemption procedure set forth in 21 New York Codes Rules & Regulations § 501.6 and any other applicable law or regulation. However, NYSERDA cannot guarantee the confidentiality of any information submitted. More information on FOIL, and the relevant statutory law and regulations, can be found at the website for the Committee on Open Government (<http://www.dos.ny.gov/about/foil2.html>) and NYSERDA’s Regulations, Part 501 (<http://www.nyserda.ny.gov/About/New-York-State-Regulations.aspx>).

7. IDENTIFYING INFORMATION AND PRIVACY NOTIFICATION. (a) **FEDERAL EMPLOYER IDENTIFICATION NUMBER and/or FEDERAL SOCIAL SECURITY NUMBER.** As a condition to NYSERDA’s obligation to pay any invoices submitted by Contractor pursuant to this Agreement, Contractor shall provide to NYSERDA its Federal employer identification number or Federal social security number, or both such numbers when the Contractor has both such numbers. Where the Contractor does not have such number or numbers, the Contractor must give the reason or reasons why the payee does not have such number or numbers.

(b) **PRIVACY NOTIFICATION.** The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. Disclosure of this information by Contractor to the State is mandatory. The principal purpose for which the information is collected is to enable the State to identify individuals, businesses and others who have been delinquent in filing tax returns or may have understated their tax liabilities and to generally identify persons affected by the taxes administered by the Commissioner of Taxation and Finance. The information will be used for tax administration purposes and for any other purpose authorized by law.

8. CONFLICTING TERMS. In the event of a conflict between the terms of the Agreement (including any and all attachments thereto and amendments thereof) and the terms of this Exhibit A, the terms of this Exhibit A shall control.

9. GOVERNING LAW. This Agreement shall be governed by the laws of the State of New York except where the Federal supremacy clause requires otherwise.

10. NO ARBITRATION. Disputes involving this Agreement, including the breach or alleged breach thereof, may not be submitted to binding arbitration (except where statutorily required) without the NYSERDA's written consent, but must, instead, be heard in a court of competent jurisdiction of the State of New York.

11. SERVICE OF PROCESS. In addition to the methods of service allowed by the State Civil Practice Law and Rules ("CPLR"), Contractor hereby consents to service of process upon it by registered or certified mail, return receipt requested. Service hereunder shall be complete upon Contractor's actual receipt of process or upon NYSERDA's receipt of the return thereof by the United States Postal Service as refused or undeliverable. Contractor must promptly notify NYSERDA, in writing, of each and every change of address to which service of process can be made. Service by NYSERDA to the last known address shall be sufficient. Contractor will have thirty (30) calendar days after service hereunder is complete in which to respond.

12. CRIMINAL ACTIVITY. If subsequent to the effectiveness of this Agreement, NYSERDA comes to know of any allegation previously unknown to it that the Contractor or any of its principals is under indictment for a felony, or has been, within five (5) years prior to submission of the Contractor's proposal to NYSERDA, convicted of a felony, under the laws of the United States or Territory of the United States, then NYSERDA may exercise its stop work right under this Agreement. If subsequent to the effectiveness of this Agreement, NYSERDA comes to know of the fact, previously unknown to it, that Contractor or any of its principals is under such indictment or has been so convicted, then NYSERDA may exercise its right to terminate this Agreement. If the Contractor knowingly withheld information about such an indictment or conviction, NYSERDA may declare the Agreement null and void and may seek legal remedies against the Contractor and its principals. The Contractor or its principals may also be subject to penalties for any violation of law which may apply in the particular circumstances. For a Contractor which is an association, partnership, corporation, or other organization, the provisions of this paragraph apply to any such indictment or conviction of the organization itself or any of its officers, partners, or directors or members of any similar governing body, as applicable.

13. PERMITS. It is the responsibility of the Contractor to acquire and maintain, at its own cost, any and all permits, licenses, easements, waivers and permissions of every nature necessary to perform the work.

14. PROHIBITION ON PURCHASE OF TROPICAL HARDWOODS. The Contractor certifies and warrants that all wood products to be used under this Agreement will be in accordance with, but not limited to, the specifications and provisions of State Finance Law Section 165 (Use of Tropical Hardwoods), which prohibits purchase and use of tropical hardwoods, unless specifically exempted by NYSERDA.

The Contractor agrees to document these efforts and to provide said documentation to the State upon request; and

(d) The Contractor acknowledges notice that the State may seek to obtain offset credits from foreign countries as a result of this contract and agrees to cooperate with the State in these efforts.

16. RECIPROCITY AND SANCTIONS PROVISIONS. Bidders are hereby notified that if their principal place of business is located in a country, nation, province, state or political subdivision that penalizes New York State vendors, and if the goods or services they offer will be substantially produced or performed outside New York State, the Omnibus Procurement Act 1994 and 2000 amendments (Chapter 684 and Chapter 383, respectively) require that they be denied contracts which they would otherwise obtain. NOTE: As of May 15, 2002, the list of discriminatory jurisdictions subject to this provision includes the states of South Carolina, Alaska, West Virginia, Wyoming, Louisiana and Hawaii. Contact NYS Department of Economic Development for a current list of jurisdictions subject to this provision.

17. COMPLIANCE WITH NEW YORK STATE INFORMATION SECURITY BREACH AND NOTIFICATION ACT. Contractor shall comply with the provisions of the New York State Information Security Breach and Notification Act (General Business Law Section 899-aa; State Technology Law Section 208).

18. PROCUREMENT LOBBYING. To the extent this Agreement is a “procurement contract” as defined by State Finance Law Sections 139-j and 139-k, by signing this Agreement the Contractor certifies and affirms that all disclosures made in accordance with State Finance Law Sections 139-j and 139-k are complete, true and accurate. In the event such certification is found to be intentionally false or intentionally incomplete, NYSERDA may terminate the agreement by providing written notification to the Contractor in accordance with the terms of the agreement.

19. COMPLIANCE WITH TAX LAW SECTION 5-a. The following provisions apply to Contractors that have entered into agreements in an amount exceeding \$100,000 for the purchase of goods and services:

- a) Before such agreement can take effect, the Contractor must have on file with the New York State Department of Taxation and Finance a Contractor Certification form (ST-220-TD).

- b) Prior to entering into such an agreement, the Contractor is required to provide NYSERDA with a completed Contractor Certification to Covered Agency form (Form ST-220-CA).
- c) Prior to any renewal period (if applicable) under the agreement, the Contractor is required to provide NYSERDA with a completed Form ST-220-CA.

Certifications referenced in paragraphs (b) and (c) above will be maintained by NYSERDA and made a part hereof and incorporated herein by reference.

NYSERDA reserves the right to terminate this agreement in the event it is found that the certification filed by the Contractor in accordance with Tax Law Section 5-a was false when made.

20. IRANIAN ENERGY SECTOR DIVESTMENT. In accordance with Section 2879-c of the Public Authorities Law, by signing this contract, each person and each person signing on behalf of any other party certifies, and in the case of a joint bid or partnership each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each person is not on the list created pursuant to paragraph (b) of subdivision 3 of Section 165-a of the State Finance Law (See <https://ogs.ny.gov/iran-divestment-act-2012>).

Compliance includes, but is not limited to, the development of a heavy-duty diesel vehicle (HDDV), maintaining documentation associated with BART evaluations, submitting to and receiving DEC approval of a technology or useful-life waiver, and maintaining records where BART-applicable vehicles are primarily located or garaged. 22. ADMISSIBILITY OF REPRODUCTION OF CONTRACT. Notwithstanding the best evidence rule or any other legal principle or rule of evidence to the contrary, the Contractor acknowledges and agrees that it waives any and all objections to the admissibility into evidence at any court proceeding or to the use at any examination before trial of an electronic reproduction of this contract, regardless of whether the original of said contract is in existence.

(2) the date by which, during normal business hours, NYSERDA has actually received all the purchased goods, property or services covered by a Proper Invoice previously received in the Designated Payment Office.

(B) if the Agreement provides that a Payment will be made on a specific date or at a predetermined interval, without having to submit a written invoice the 30th calendar day, excluding legal holidays, before the date so specified or predetermined.

(ii) For purposes of this subdivision, if the Agreement requires a multifaceted, completed or working system, or delivery of no less than a specified quantity of goods, property or services and only a portion of such systems or less than the required goods, property or services are working, completed or delivered, even though the Contractor has invoiced NYSERDA for the portion working, completed or delivered, NYSERDA will not be in Receipt of an Invoice until the specified minimum amount of the systems, goods, property or services are working, completed or delivered.

(h) “Set-off” means the reduction by NYSERDA of a payment due a Contractor by an amount equal to the amount of an unpaid legally enforceable debt owed by the Contractor to NYSERDA.

504.3. Prompt Payment Schedule. Except as otherwise provided by law or regulation or in Sections 504.4 and 504.5 of this Exhibit, the Date of Payment by NYSERDA of an amount

properly due and owing under this Agreement shall be no later than thirty (30) calendar days, excluding legal holidays, after Receipt of a Proper Invoice.

504.4. Payment Procedures.

(a) Unless otherwise specified in this Agreement, a Proper Invoice submitted by the Contractor to the Designated Payment Office shall be required to initiate payment for goods, property or services. As soon as any invoice is received in the Designated Payment Office during normal business hours, such invoice shall be date-stamped. The invoice shall then promptly be reviewed by NYSERDA.

(b) NYSERDA shall notify the Contractor within fifteen (15) calendar days after Receipt of an Invoice of:

- (i) any defects in the delivered goods, property or services;
- (ii) any defects in the invoice; or
- (iii) suspected improprieties of any kind.

(c) The existence of any defects or suspected improprieties shall prevent the commencement of the time period specified in Section 504.3 until any such defects or improprieties are corrected or otherwise resolved.

(d) If NYSERDA fails to notify a Contractor of a defect or impropriety within the fifteen (15) calendar day period specified in subdivision (b) of this section, the sole effect shall be that the number of days allowed for Payment shall be reduced by the number of days between the 15th day and the day that notification was transmitted to the Contractor. If NYSERDA fails to provide reasonable grounds for its contention that a defect or impropriety exists, the sole effect shall be that the Payment Due Date shall be calculated using the original date of Receipt of an Invoice.

(e) In the absence of any defect or suspected impropriety, or upon satisfactory correction or resolution of a defect or suspected impropriety, NYSERDA shall make Payment, consistent with any such correction or resolution and the provisions of this Exhibit.

504.5. Exceptions and Extension of Payment Due Date. NYSERDA has determined that, notwithstanding the provisions of Sections 504.3 and 504.4 of this Exhibit, any of the following facts or circumstances, which may occur concurrently or consecutively, reasonably justify extension of the Payment Due Date:

(a) If this Agreement provides Payment will be made on a specific date or at a

predetermined interval, without having to submit a written invoice, if any documentation, supporting data, performance verification, or notice specifically required by this Agreement or other State or Federal mandate has not been submitted to NYSERDA on a timely basis, then the Payment Due Date shall be extended by the number of calendar days from the date by which all such matter was to be submitted to NYSERDA and the date when NYSERDA has actually received such matter.

(b) If an inspection or testing period, performance verification, audit or other review or documentation independent of the Contractor is specifically required by this Agreement or by other State or Federal mandate, whether to be performed by or on behalf of NYSERDA or another entity, or is specifically permitted by this Agreement or by other State or Federal provision and NYSERDA or other entity with the right to do so elects to have such activity or documentation undertaken, then the Payment Due Date shall be extended by the number of calendar days from the date of Receipt of an Invoice to the date when any such activity or documentation has been completed, NYSERDA has actually received the results of such activity or documentation conducted by another entity, and any deficiencies identified or issues raised as a result of such activity or documentation have been corrected or otherwise resolved.

(c) If an invoice must be examined by a State or Federal agency, or by another party contributing to the funding of the Contract, prior to Payment, then the Payment Due Date shall be extended by the number of calendar days from the date of Receipt of an Invoice to the date when the State or Federal agency, or other contributing party to the Contract, has completed the inspection, advised NYSERDA of the results of the inspection, and any deficiencies identified or issues raised as a result of such inspection have been corrected or otherwise resolved.

(d) If appropriated funds from which Payment is to be made have not yet been appropriated or, if appropriated, not yet been made available to NYSERDA, then the Payment Due Date shall be extended by the number of calendar days from the date of Receipt of an Invoice to the date when such funds are made available to NYSERDA.

504.6. Interest Eligibility and Computation. If NYSERDA fails to make Prompt Payment, NYSERDA shall pay interest to the Contractor on the Payment when such interest computed as provided herein is equal to or more than ten dollars (\$10.00). Interest shall be computed and accrue at the daily rate in effect on the Date of Payment, as set by the New York State Tax Commission for corporate taxes pursuant to Section 1096(e)(1) of the Tax Law. Interest on such a Payment shall be computed for the period beginning on the day after the Payment Due Date and ending on the Date of Payment.

504.7. Sources of Funds to Pay Interest. Any interest payable by NYSERDA pursuant to Exhibit shall be paid only from the same accounts, funds, or appropriations that are lawfully

available to make the related Payment.

504.8. Incorporation of Prompt Payment Policy Statement into Contracts. The provisions of this Exhibit shall apply to all Payments as they become due and owing pursuant to the terms and conditions of this Agreement, notwithstanding that NYSERDA may subsequently amend its Prompt Payment Policy by further rulemaking.

504.9. Notice of Objection. Contractor may object to any action taken by NYSERDA pursuant to this Exhibit that prevents the commencement of the time in which interest will be paid by submitting a written notice of objection to NYSERDA. Such notice shall be signed and dated and concisely and clearly set forth the basis for the objection and be addressed to the Vice President, New York State Energy Research and Development Authority, at the notice address set forth in Article XIX of this Agreement. The Vice President of NYSERDA, or his or her designee, shall review the objection for purposes of affirming or modifying NYSERDA's action. Within fifteen (15) working days of the receipt of the objection, the Vice President, or his or her designee, shall notify the Contractor either that NYSERDA's action is affirmed or that it is modified or that, due to the complexity of the issue, additional time is needed to conduct the review; provided, however, in no event shall the extended review period exceed thirty (30) working days.

504.10. Judicial Review. Any determination made by NYSERDA pursuant to this Exhibit that prevents the commencement of the time in which interest will be paid is subject to judicial review in a proceeding pursuant to Article 78 of the Civil Practice Law and Rules. Such proceedings shall only be commenced upon completion of the review procedure specified in Section 504.9 of this Exhibit or any other review procedure that may be specified in this Agreement or by other law, rule, or regulation.

504.11. Court Action or Other Legal Processes.

(a) Notwithstanding any other law to the contrary, the liability of NYSERDA to make an interest payment to a Contractor pursuant to this Exhibit shall not extend beyond the date of a notice of intention to file a claim, the date of a notice of a claim, or the date commencing a legal action for the payment of such interest, whichever occurs first.

(b) With respect to the court action or other legal processes referred to in subdivision (a) of this section, any interest obligation incurred by NYSERDA after the date specified therein pursuant to any provision of law other than Public Authorities Law Section 2880 shall be determined as prescribed by such separate provision of law, shall be paid as directed by the court, and shall be paid from any source of funds available for that purpose.

2. Provisions for appropriate union recognition and security (limited to Bid Facility construction work) and the referral of skilled craft workers, including provisions for staffing in the event qualified referrals are not reasonably available and for the reasonable use of a number of core employees by contractors and subcontractors (regardless of union affiliation and referral practices that might otherwise exist);
3. Comprehensive labor harmony provisions to ensure against schedule disruption as a result of worksite disputes or other labor disputes of any kind;
4. Comprehensive provisions for the resolution of workplace disputes through third party resolution, including for the resolution of jurisdictional disputes (without disruption to the schedule of the Bid Facility), and appropriate provisions for labor management cooperation;
5. Appropriate provisions to allow the cost-effective and efficient coordination of multiple trades and contractors and subcontractors (notwithstanding any local labor agreements that might otherwise be applicable to contractors and subcontractors), as well as other appropriate management rights (such as appropriate provisions respecting specialty work and/or workers; adequately ensuring the contractors' or subcontractors' choice of materials, techniques, methods, technology or design, regardless of source or location; use and installation of equipment, machinery, package units, pre-cast, pre-fabricated, pre-finished, or pre-assembled materials, tools, or other labor-saving devices; the installation or use of materials, supplies or equipment regardless of their source (including as may be required by a vendor and/or to ensure warranty coverage); and to perform off-site work, subject to any restrictions imposed by law);
6. Appropriate provisions promoting minority- or women-owned business enterprise ("MWBE") employment and service-disabled veteran owned business ("SDVOB") employment, as well as the employment of low-income workers in New York;

7. Appropriate provisions for the use of apprentices; and

Where:

REC_{adj} = the Fixed REC Price or Index REC Strike Price after inflation adjustment
