

NYTVIP Non-Road Scrappage Plan

All NYTVIP Non-Road Equipment applications must contain this document.

Non-Road Equipment purchases funded by NYTVIP require the dismantling or "scrappage" of older diesel-powered equipment. Non-Road Equipment Scrappage Requirements are outlined in the NYTVIP Implementation Manual in Section 4.

Section 1 must be completed by all Non-Road Equipment applicants. Section 2 must be completed when scrappage cannot be performed by a Vehicle/Equipment Dismantler participating in NYTVIP. Vehicle dismantlers are licensed under New York State law. For instruction on how to find or become a participating Vehicle/Equipment Dismantler, visit the [NYTVIP Website](#).

Purchasers should contact dismantlers ahead of application submission to ensure their equipment can be appropriately dismantled at the facility of their choice.

Section 1

Required Information (please do not leave anything blank)	
NYTVIP Application Number	
Equipment Make	
Equipment Model	
Equipment Model Year	
Odometer/Usage Meter reading	
Engine Make	
Engine Model	
Engine Model Year	
Engine Horsepower	
Engine Family Name or Serial Number	
NYTVIP Approved Equipment Dismantler Name and Location	

Section 2

This section must be completed if the Purchaser cannot scrap at a Participating Vehicle/Equipment Dismantler. Section 2 must be reviewed and approved by NYSERDA, in conjunction with DEC and EPA, prior to scrapping the non-road equipment.

In the space provided below, or on a separate page attached to this document:

1. Explain why the non-road equipment Scrappage cannot be performed by a Participating Vehicle/Equipment Dismantler.
2. Explain how the Purchaser plans to meet the scrappage requirements of NYTVIP.

3. Provide the address of the New York State licensed vehicle dismantler where the scrappage will occur.
4. Include any scrappage processes outside of the NYTVIP Non-Road Equipment Scrappage Requirements outlined in Section 4 of the Implementation Manual.

Please ensure the following photos will be taken at the scrappage event:

Before Scrappage:

1. Side profile of the equipment prior to scrappage.
2. Front of equipment prior to scrappage.
3. VIN tag or equipment serial number.
4. Engine label (showing serial number, engine family number, and engine model year).
5. Engine block prior to three-inch hole.

After Scrappage:

6. Engine block after three-inch hole cut
7. Cut frame/chassis rails after scrappage.

Please Complete All Lines Below	
Depot/Primary Work Site Address (must match address on application)	
NYTVIP Equipment Purchaser (Print Name)	
NYTVIP Equipment Purchaser Signature	
Signature Date
